PROFILE

I'm a software developer with 3 years of hands-on experience efficiently coding websites and android applications using modern (Java, PHP, XML, HTML, CSS, and JavaScript) through efficient website development. recently, I'm a website developer using the Django web framework in Python, proactive feature optimization, and relentless debugging. Very passionate about building state-of-the-art, easy-to-use, user-friendly websites and applications and I'm confident I would be an excellent developer. I'm adept at using interpersonal abilities to work as part of a team and individually.

Date and place of birth in Yemen, Taiz, Sharaab Al-Rawanah at 1996/11/6
